

### **REMARKS**

This amendment is submitted to address the comments by the Official Draftsperson. Based on the amendments made to the specification above, the drawing objections are overcome and this application is in condition for issuance (as the issue fee has already been paid).

In this regard, the Form PTO-948 objected to Fig. 1, stating that the cross out data was not mentioned in the specification, now was reference number 16 identified in the specification. Both of these issues have been addressed and corrected by this amendment to the specification. With regard to the cross out data, that has been identified in the specification as representing the rejected data transfer.

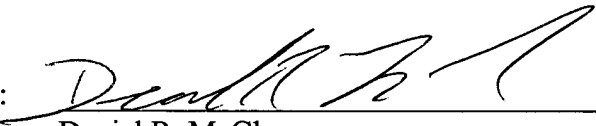

### **POWER OF ATTORNEY AND FUTURE CORRESPONDENCE**

In October 2002, the undersigned filed a Revocation/Power of Attorney in this application, directing all future correspondence to be sent to the undersigned. However, the PTO continues to send correspondence to the previous attorney. A copy of that previously-filed Revocation/Power of attorney is enclosed with this response for your reference. Please direct all future correspondence to the proper attorney and firm.

If, in the opinion of the Examiner, a telephonic conference would expedite entry of the foregoing amendment, the Examiner is invited to call the undersigned attorney at (770) 933-9500.

No fee is believed to be due in connection with this amendment and response to Office Action. If, however, any fee is believed to be due, you are hereby authorized to charge any such fee to deposit account No. 20-0778.

Respectfully submitted,

By:   
Daniel R. McClure
